

INTERNSHIP COMPLETION CERTIFICATE

This is to certify that **SUDHARSHINI R** has successfully completed a Data Science internship at Schneider Electric, Bengaluru, from **August 26, 2024**, to **October 26, 2024**.

During her internship, she demonstrated skills in time series analysis, data visualization, anomaly detection, predictive modeling, correlation analysis, rolling window analysis, and handling missing values. She worked with the EcoStruxure Asset Advisor and made significant contributions to the EcoStruxure Power - Thermal Monitoring System by:

1. Analyzing thermal data from industrial assets to forecast temperature trends and identify thermal anomalies.
2. Employing statistical and machine learning techniques for predictive maintenance and fault detection.

We appreciate her efforts and dedication during her time with us.

Issued on: 28/10/2024

Cyrille HUGUET
EcoStruxure Power Analytics Director
